

**Evans Consulting**

is a management consulting firm with 30 years of experience building the right skills and creating the right environments that produce high-performing teams.

Unleash *People Potential.* Realize *Mission Impact.*

Our proven strategy empowers leaders, integrates technology, and creates innovative, collaborative cultures.

Core Capabilities

Organization Performance

Optimizing organizations is all about fine-tuning the little things. Our range of services ensures your team does their job smoothly and effectively.

Digital Transformation

Being human-centered doesn't mean we don't know technology. We excel in working with organizations to integrate new and emerging technologies to elevate the user experience.

Workforce Optimization

Creating a highly effective workplace culture requires more than just hiring the right people. It means designing collaborative processes built with intent. We're the partners who bring culture to life.

Mission Support

We improve your organization's project delivery, process governance, acquisition management, and compliance with customized strategies and expert advice.

Differentiators

EXPERIENCE-BASED INSIGHT

We understand what works — decades of first-hand experience supporting federal agencies forged our impact-defining foundation.

LEADING-EDGE SCIENCE

We apply proven principles. Our work is rooted in evidence, combining proven psychology methods and practical management principles to amplify strategy.

PRACTICAL SKILLS AND TOOLS

We develop real-world skills. We know what makes great leaders, teams and cultures, and train people for what's needed to achieve the mission.

ON-THE-GROUND SUPPORT

We guide your journey. We seek to solve the real problem and work closely to develop leaders, support teams, and design systems that not only manage issues but address them.
